

Lesson Two-Answers

“Within the [FCA] Campus Ministry, there are four ministry types:

1. **HUDDLES**: regularly scheduled gatherings for the purpose of evangelism, discipleship, outreach, fellowship, using the platform of athletics. *This is what most of your campuses meetings look like (Join; any athlete is invited, as well as non-athletes on some campuses).*
2. **TEAM BIBLE STUDY**: a Bible study within the team setting that encourages and challenges the team members to live and compete according to the Bible's principles.
3. **COACHES BIBLE STUDY**: a Bible study with Coaches that encourages and challenges Coaches to live and coach according to the Bible's principles.
4. **CHAPLAINS PROGRAMS** (*we now call Chaplains “Character Coaches”*): a relationship-driven ministry that reaches a specific team, both the athletes and coaches, through team chapel meetings and spiritual and character development.

“If you want to start an FCA ministry on your campus, the first thing you need to do is **PRAY**. It is an opportunity for you to acknowledge that the **LORD** needs to go before you...It's **HIS** strength and power and not your own. It's also an opportunity for your **HEART** to be set right.”
